Qualifying for and competing at **Swimming Age Nationals** is a **MAJOR** achievement
the top of the pyramid; **reflect** and **be proud**

Setting
and
pursuing
a Goal
takes
courage

Pride is positive .. pride is what we think of ourselves
Pride is not vanity (which is what we would others think of us).

Pride in personal achievement

Pride in self = self esteem

Personal Pride

a fundamental aim throughout our lives.

Many dream ..
some set goals
(talk-the-talk)
and, think they
are pursuing,
not so ...

What precisely have YOU done today
that takes you closer to achieving your goal?
No excuses .. no exceptions.

Congratulations to **Erin Gumbleton**, selected to represent **Special Olympics Victoria** at the 2010 National Games in South Australia - April 2010. This will be a qualifying event for selection to the World Games in Greece 2011.

Erin resumes her training with Shirley Milgate on Monday, April 27, who is organizing **SOV Loddon Campaspe Regional Games** (in Echuca) on Saturday 30th May 1.00pm- 6.00pm.

Any support for all the swimmers would be most appreciated. **Well Done Erin.**

Memberships for competition swimmers: Geelong Swimming Club

North West Athletics swimmers compete (by choice) with Geelong Swimming Club .. registration and membership details > www.geelongswimmingclub.com.au

Competition entry requires swimmers to be registered with Swimming Victoria
NWA swimmers must be registered to compete in official meets; or, may swim for fitness and fun
.. any queries contact me.

It simply does not matter which club you belong to; NWA-Geelong swimmers are treated with respect, have fun, learn technique enhancing skills, have access to all individual events and can earn relay participation at all competitions.

The amount of knowledge that it takes to improve an athlete at 13 years, is very small. Given that the athlete will be totally focused on their swimming career, will be more than likely training a significant number of hours, and will more than likely be over-committed to frequent competitions where improvement in terms of time is often more related to growth spurts, sometimes early strength development and frequency of exposure to the stimulus of training rather than coaching expertise.

Master Coach: Bill Sweetenham

These sentiments apply to **all** sports and agree with the assertion that most improvements in "the early years" are related to growth and maturity as long as fundamental technique issues are addressed.

Coaches working with young swimmers / athletes, can be Junior Coaches or Development Coaches .. your call.

Each week, developing athletes will focus on a skill.

The skill will be reflected in the tag they receive each week.

- (2) Swimwear worn by competitors in Age Group Events shall conform to the following design – **effective 1 April 2009:**

 - (ii) Women's swimwear is limited to one (1) swim suit that is of "open back" and "open shoulder" designs that may extend down to the knee. Swimwear must not extend below the knees.Swimwear must not have a zipper or any type of fastening system.
An **Age Group Event** is defined as any 18 and under SAL (Swimming Australia) swimming event.

Additional NWA Regulation

Please Note! ALL NWA swimmers **MUST** wear one-piece costumes .. no "bikini" costumes (to ensure the modesty and privacy of swimmers) - this is an NWA rule .. **no exceptions.**

During my second month of college, our professor gave us a quiz. I was a conscientious student and had breezed through the questions until I read the last one:

"What is the first name of the woman who cleans the school?" Surely this was some kind of joke. I had seen the cleaning woman several times. She was tall, dark-haired and in her 50s, but how would I know her name?

I handed in my paper, leaving the last question blank. Just before class ended, one student asked if the last question would count toward our quiz grade.

"Absolutely," said the professor. *"In your careers, you will meet many people. All are significant. They deserve your attention and care, even if all you do is smile and say "hello."*

I've never forgotten that lesson. I also learned her name was Dorothy.

Impressive start by **Mitchell**

Several DVD's and question sheets have been or are being prepared that focus on specific event categories; these are available on request on a **4 week loan** basis. If a sport is going to progress, it **must** attend to the issue of expanding awareness of .. the sport's elite performers, and, what the sport involves.

So far: Various Races 1: 1500-10,000
Various Races 2: 400's
400H .. 1991-2003
in production: Hurdles; Sprints 200's;
Sprints 100's; Swim Sprints
Checkout: The 400 (in PROGRAMS)
DVD's are available on request and **must** be returned within 4 weeks.

The Achievement Run Challenge

Here's the deal: Male / Female .. no distinction.

Any athlete (runner or swimmer) who can run the Scenic Drive in one of the following time categories (must be timed by me) will receive

<27:00 mins. **Laminated Poster**
27:00 – <30:00 mins. **Laminated Achievement Tag**

Run must be continuous; the **Scenic Drive** is **5.5 km**.

Check the Planner for group training days/times.
Swimmers are not permitted to try until after their swimming competitions end for the season.

Be the Best YOU can be !!! (Don't do it .. OK; but, don't claim "I can't do it" or "it's too hard" .. You'll never, never know, unless you have-a-go.)

Bar Circuits & General Fitness

Well Done to all athletes who have accepted the challenge of the Bar Circuits.

YOU can decide on the weight of your bar.

YOU can ensure how each activity is completed (Remember: body position determines muscle recruitment) (Technique is Everything)

YOU can decide how often you complete the circuit (Recommended at least twice a week: 2-3 times through) (I can lend good music-to-exercise-by - real music, e.g. AC/DC, Jimmy Barnes, Midnight Oil,)

There are numerous circuits .. No one circuit suits all

Ask questions .. **Do what is best for YOU**

If you are fortunate enough to have access to a **Bar Circuit Group**, e.g. such as Greg Cadd's group at **Moama Anglican Grammar** .. **go-for-it**.

Otherwise, plan Bar Circuit Strength/Flexibility enhancers into your training week. Just playing your game is not enough if you want to excel.

Upright Rowing

Sample Bar Circuit Activities

Extended Sit-Ups

Lunge

To grow

Take a chance

Try something new

Mistakes are allowed (almost encouraged) at practice.

Mistakes are to learn from.

Mistakes are made by risk takers.

Risk Takers are achievers

Sample Bar Circuit Cards are available

Gyms are good .. working with direction, support and company is the best, but, a Bar Circuit is something **YOU** can do in **YOUR** time (when it suits you).

Are you tough enough to train yourself when necessary?

2-3 x 30 mins. a week is no a big price to pay.

Of course, **Sports Campers 2009, Bar Circuits** are a **must do**.

Have fun .. enjoy your sports, but,

do not expect to match it with athletes who do the extras .. this insults their endeavours.

If you want to be the **best you can be** (at anything) not just try your best .. then **the extras are critical**.

Don't just say "I can't do it" **Be the Best You Can Be: NO More! No Less!! No Excuses !!!**
Trying your hardest on-the-day .. important, but anyone can do that.

Olivia, Brooke, Laura

You can never be better than your Best

Georgia, 8 (Gold Coast niece of James Oberin) Achiever .. they breed them tough in Qld.

Here's a little test? You can choose any sport(s)

Go to any ten (10) people .. any age, but different ages; male and female; and, not just your friends:

Question: Name 6 (six) elite performers in:

Netball	Basketball	Soccer
Athletics	AFL	Cricket
Swimming	Hockey	Golf

The results suggest which sports market themselves best; hey, if your first response starts with "but", you are reflecting your sport's problem .. are you part of the problem?

Perception is the reality we must live with

It is not a question of what we mean, feel, intend .. it's how we appear to others: body language is our strongest message.

The **30 second rule applies** .. perhaps even a 10 second rule (The impression made in the first 30 seconds on contact is often permanent)

People often advise me that the programs etc. I “produce” should not be available free on my web site

1. As a young teacher, a former Principal (in 1970) said to me: “the only original idea in the 20th century has been the invention of plastic” ... now, don’t get involved in thinking of exceptions (if there are any) ... think: **what did he mean?**

2. Ideas are one thing, implementing the idea or some circumstance-specific variation thereof, is another. Having “possession” of a program or idea is **not** the important thing ... **implementing the idea effectively is everything.** (Want to check what I mean? How many sheets, DVD’s, tags, are just collected? or, as I say, *collect dust on the bedroom floor* .. you have possession, but?)

Coaching/Teaching is not about talking-the-talk or wandering around laden down by stopwatches, or wearing “Coach” labeled Polo Tops to reinforce personal insecurity .. coaches/teachers who know their craft seldom need to seek reassurance.

Teaching/Coaching .. it’s not about qualifications .. **great teaching - coaching is about empathy.**

Some of our Lilydale Running Group visitors: (May 30/31): L►R: Stephanie Durant, Molly Dixon, Georgie Haynes, Marissa Haynes; Kirsty Walles. Absent: Mitch Loaring, Gracey Smith.

Believe in Yourself
and in your dream,
Though impossible things
may seem,
Someday, somehow,
you’ll get through
To the **goal** you aspire to.

◀ **A-Skip Drill** .. establishing correct form should be the prime aim of junior and intermediate programs.

What is a drill? .. a drill is a part of a full movement you are seeking to develop.

The Part-Part-Full Method .. practice the parts then re-assemble the full movement.

Drills **must** be closely supervised, or risk developing the wrong movement.

50 repeats forms a habit

Giving your best on-the-day is not the same as being the best you can be

ALL Senior & Intermediate swimmers will be invoiced; please retain your invoice which I will initial when payment is made.** Adjustments may have to be made in response to any charge increases by the YMCA.

Setting Goals

Everybody's circumstances are different but, we can learn from the experience and of others www.nwaswimaths.com > PROGRAMS > General

Programs > Setting Goals (Naber)

Goal Setting is not hoping something happens,

Goal Setting is planning and executing to make it happen.

So, whose brave enough to stand up and state their current goal?

What is the difference between a **dream** and a **goal**?

If you do not know, you are probably just dreaming.

Whose brave enough to be a **Billy Elliot**?

Seeking National Qualifying Time Goals

Parents: Don't (ever) compare the achievements and standards of your child with another child .. good or bad (and never out aloud).

This creates barriers and resentments between young people and can seriously erode your child's faith in your support.

North West Athletics: **SPORTS CAMP 2009** ... Sunday, September 27 – Friday, October 2, 2009

Sports Super Centre (Gold Coast): www.sportssupercentre.com.au

A **Photo Report** on the 2008 camp: www.nwaswimaths.com > PRESENTATIONS > Sports Camp 2008

The following details are for your consideration.

Only those who register interest will be sent further details .. the information below will be included in NWA Newsletters 23-28 - 08.

There may be some departure differences for runners .. watch this space

Bottom Line: all have the option of seeking selection, but, all expectations **MUST** be met .. I retain the right to select all involved. So, it's *my way or the highway*. Camp duration (5 days) is one day more than 2008.

Expectations will be achievable, fair ... but very, very firm.

Agility Ladder Drills .. Sept. 2008

Total Cost will vary, but you should budget at **least \$600**, incl., flights, accom, evening meals.

The camp is self-funding i.e. participants pay for the opportunity .. tba.

I am not in a position to fund as extensively as past years.

There will be 3-4 coaches (including myself) and 2 female parents. Coaching positions to be finalised.

Fundamental Expectations: (there are other expectations - there are **no exceptions**)

- **No mobile phones** (except coaching staff)
- **No boys** in girls areas and **no girls** in boys areas
- 100 Push-Ups and 100 Bent Knee Sit-Ups (or coach variations) **every day**

All persons will be levied \$30 upon arrival at the Camp; these funds will purchase requirements for breakfasts and lunches. Evening meals are in the Super Sports Centre Dining Hall.

All athletes **must** wear their NWA T-shirt at all dining hall meals. Other information will be communicated in due course. 2009 T-shirts will be provided to the final group selected.

Fitness Expectations .. 2008 (likely in 2009):

- 1. Push Ups:** Male: <15years: 50; 15+: 60; Female: <15 years: 40; 15+: 50
- 2. Bent Knee Sit-Ups** (feet anchored): 40SU cont. + 5L / 5R Cross Body Lifts + 40SU cont. (Time allocation: 5 minutes max.) (Push-Up and Sit-Up Progression sheets will be available)
- 3. Bar Circuits:** General Circuit 1 & 2; each 7 exercises 3 times through each (separate sheet(s) & DVD) Swimmers will be given their own event-specific routines.
- 4. Flexibility:** +10 Sit & Reach & 9 Stretches (separate sheet) .. practice regularly
- 5. Drills & Agility Tasks:** 6 Basic Drills for Speed + 6 Basic Agility Tasks (DVD)

Athletes who work regularly (3-4 x a week) will have no trouble with these expectations. **They are a measure of your commitment as much a measure of your fitness.**

Note! These expectations may change although not substantially; registered interest athletes will be informed. DVD's of Fitness expectations will be sent to athletes.

Registrations **must** be accompanied by \$50 deposit (Cheques payable to Russell Parsons).

Any registered person who is not selected will have their deposit returned.
